padiation: "They created," says he,

will here inform Mister Smith that he can conalong, just whenever he feels like it. The read is pretty good now, and there are only one or two big "Forrests" in which there is any danger or difficulty. True, these "Farrests" have been found by the Yankees to be impassable heretolore, and it is suspected they are as bad this respect as ever, "if not more so." It is said that Lee and Forrest have had a "big talk" lately. If this be so, the "blues"

look out, for it means danger and dieaster to all Yankees. It is reported in town, and by some believed that the same Smith has, within a day or two, taken his command up the Mississippi river from Memphis. It may be a ruse to deceive Lee and Forrest, or he may have concluded that here ladies, but of course cannot make them | the "upper route" is more healthy at this seemen of the year. I don't think he has fooled any

I learn there is properly in and about each place owned by parties who have gone to Yankeedom and make it convenient to stay there. And that is not all. are said to have correspondents within our times. I have no personal knowledge in the matter but many citizens have, and will ches all necessary information if called upon. Col George Harris, of this place, has a verit-

> able Yankee breastplate complete. It was taken from the body of a dead Yankee on the battleield of Fish creek. It is composed of two pieces of thin steel fitting on like the front of a vest, and is held in place by curved straps fit-ting over the shoulders. The patentee's brand log over the interest of the shift of cur house induhitable avidence of the shift of cur house induhitable avidence of the shift of cur house with the rifle, for there is a deep indentaion on each, made by bullets, and no doubt the wearer was brought to the ground each time, but he got up again and the fatal shot took bim just above the top of the "vest" and broke his neck. I have seen breastplates heretofere worn by them, made of wire closely woven to other, but these are the first I have ever seen of this kind. Brave men scorn to use such things, but we can't expect anything better from the Yankees, and their being patented and macu-factured so skillfully enables us to form some idea of the extent to which their use has been carried in the Yankee army. They do not seem to do much good, however, for, as has been shown at Tishemingo, we can take them behind their walls of steel and then whip them two to one, for there is no sort of question that ees of Sturgis and Grierson more than

doubled those of Forrest. A lady informs me that she has just received letter from a friend in New Orleans, who went over from Mobile with a pass from the proper officer in the latter city, and she writes that an rish woman obtained a pass at the same time New Orlsans which she wished to go back for. She got the pass upon the further representation before he was made lieutenant-general, the friend that she had no money and made the trip free said to him: "General, I have been inquired of clock, and pending the removal of the woundof charge. On arriving at New Orleans her susband met ber and she gave him a bag of species which she had brought along with ber rom Mobile. The lady reminded her of the statement she had made to the commandant from his cigar, the general that it was all faise, and her husband had never tons and prejudices of Southern people against lying between the lines and buried where it been out of New Orleans at all, and was now in the Republican party. a marked man in his home, and nobedy the ground outside of our works for several him a great mun; he solds in talked, days, unable to take the ground, and preferring dwice, gave none to any one, but to let them period for want of assistance to senddid what he agreed to and at the time. It is let them perial for want of assistance to sending a flag of truce asking permission to bury
the dead. The flag second lave been an admission of defeat, and his humanity star not
strong enough to overcome his vanity. At last
he sent a flag, with a proposition, not for a truce
to bury his dead, but that fring should cease on
hoth sides until the dead of both sides could be

To the State of Tennessee, and to it

Gen. Lee at once perceived the trick, and answered that he had no dead or wounded outside of his lines. After equivocating and provaricating for several days imager. Grant was chilged at last to ask for a truce, and it was granted June 17th Nothing of interest is trans-him. Here was an unmintakable conjustion at the armies occupy the positions held by defeat. A correspondent, however, of the New York Towns Over held of the New samigning of both parties on the field of the dead, exceed an act of the sech removing its own men. According to this man's account, if was an arrangement maintaily agreed on, and not a simple permission on the part of Gen. Loe, and this it will be represented in every paper in Yankerdom. Can anybody imagine anything mathematical and the second of th Nonth Mississippi Russins - Late Yankon and the leep. imagine anything more unuturably base?

accounts speak of another expedition from Man-phis, intended to repair Sturgis' disaster, and soctuats from Mississippi represent the people as being considerably excited on the subject. On the 20th a body of Wirt Adams' cavalry passed through Aberdson en route for Columbus while at the same time a report prevailed that there were 19,000 Yankes infantry at Moscow on their way to Mississippi, and it was said that Gen. Forrest would not attempt to give battle above Columbus. The next day it was understood there were no soldiers this side of Memphis. The statement of the numbers of the Yankses was scarcely less absurd. Ninoteen thoosand Yankse infantry would be quite out of place, so far from Sherman's or Grant's field the first Therefore in the first Therefore

of operations.

\*Still some ineventent may be going on, for which Gen. Forrest is, no deabt, well prepared. Or the report may have been circulated by the enemy to keep Ferrest from co-operating with Grn. Johnston. He will not be hindred from such co-operation by any sham reports, if he are the first the mass of the control of of the c such co-operation by any sham reports, if he nee t.
